

**SARASOTA COUNTY CROQUET CLUB**  
**2013 HANDICAP ADJUSTER**  
**JANUARY 11-12, 2013**

A Handicap Adjuster? The Sarasota County Croquet Club scheduled a sanctioned mini tournament to allow mostly higher handicap players a chance to compete on home grounds to not only improve their handicaps, but to check to see if their handicaps were an indication of their level of play. A two-day tournament was held January 11-12, 2013 on the four courts in Venice, with 21 players competing in four flights of singles. Contestants played three games a day, scheduled at 75 minutes, and in most cases double banked. There were at least six championship level players in attendance during the event to keep boards, and to report on the level of play.

While there were no scheduled winners in each flight the following were the leaders in each group. Doug Johnson edged out Bill Carradine in the first flight, with handicaps from 7 to 10. Doug Ledgett and Donna Finley took first and second in the second flight with handicaps from 12 to 16. Third flight consisting of all 16's saw Ken Tanguay go undefeated to top Mickey Casner and Larry Beaton

Coffee and breakfast goodies were served each morning. Most players had lunch at the local Capri Isle Golf Club. Attitude adjustment followed at the end of each day, courtside.

All participants indicated they had a good time and those who had never been in a tournament before indicated they would do it again. The Club accomplished its goal to encourage members to participate in tournament play.
